DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This log house has apparently three parts, all sheathed with German siding. The northern most section is a one and a half story, three bay structure with an exterior stone and brick chimney. Attached to it is a two story, three bay building. A two story, two bay section is in turn attached to it. The building could not be examined closely enough for an analysis of their age to be made. Also present is a frame bank barn, a frame shed and various outbuildings.
